Subject: **11/4/2020 HROA Launch Ramp Repairs Start Date**

Good afternoon Heritage Ranch,

As many of you are already aware, our private launch ramp at the HROA Marina is in need of various spot repairs, and we have been waiting until the water goes down as much as possible in order to close the launch ramp and start these concrete spot repairs. As of today, the Lake water level is down to 730.6'.

Next Wednesday morning, November 4, 2020 the HROA launch ramp will be closed and the concrete spot repair work will begin. The launch ramp will be closed for approximately two (2) weeks while the new concrete patches set and cure, and then we will open it again as soon as possible. All of the planned spot repair areas are already marked on the launch ramp with bright orange paint, and there are several repair areas from the middle to the lower area of the ramp. Orange construction fencing will be up, and local traffic controls will be in place. The Marina parking lot will remain open – only the launch ramp itself will be closed during these repairs.

As always, please feel free to contact the HROA Member Services Office with any questions or concerns at 805-238-9641 or at office@hroa.us, or reach out to me directly at tplatt@hroa.us. Thank you in advance for your patience and cooperation as we complete these much-needed launch ramp repairs in our Marina area.

Warm regards,
Tina

Tina A. Platt, CCAM, CMCA
